

S6300 Series

Electrified Architectural Mortise Exit Devices

SDC's Spectra™ S6300 series electrified architectural mortise exit devices offer several electrified options to complement your access control system and meet virtually any application. UL listed and ANSI/BHMA A156.3 Grade 1 compliant, S6300 series devices comply with all national and state building and fire life safety codes.

Designed for a modern look and quiet push pad operation, S6300 series devices are panic or fire rated exit devices in mortise configurations.

- Electrified architectural design
- Panic and fire rated devices
- Durable stainless steel construction
- Corrosion resistant
- High traffic use
